AFA 2019

REPORT OF THE AFA COUNCIL

NEWS FROM AROUND THE REGION

AFA FINANCIAL STATEMENTS FOR 2019
Preparing the ASEAN Accountancy Profession for the Future

As the saying goes, “Time flies when you are having a good time”. My term as AFA President has come to an end. I am both humbled and honoured to have represented Singapore to serve as AFA President for the past two years. AFA has afforded me the invaluable opportunity of meeting many wonderful people in ASEAN, some of whom I have now become good friends with. I was also privileged to witness the rapid and new economic developments in the region. I must say the speed of growth in ASEAN is extremely remarkable and this makes ASEAN a very attractive investment hotspot with immense potential!

ASEAN is poised to be the fourth-largest economy in the world by 2030, after the European Union, the United States and China. ASEAN’s GDP is expected to grow by more than 5% per year. As the ASEAN region continues to experience exponential growth, so does the demand for quality accountancy services. Against this backdrop, high quality financial reports are fundamental to building trust in capital markets. Having a strong governance environment and legal framework are also essential. In providing a true and fair view of financial performance and position, they help to enhance the attractiveness of ASEAN businesses as investment opportunities in the international arena.

Over the last two years, AFA member bodies have stepped up efforts to co-develop the accountancy profession in ASEAN. The efforts were driven by AFA’s three main strategic priorities, namely, support adoption and implementation of international standards, position AFA as a regional thought leader in discussion of issues relevant to the accountancy profession and build the capacity of the ASEAN professional accountancy organisations (PAOs).

The strategic priorities seek to uplift the professional standards of the accountancy profession in ASEAN, so as to support the region’s booming economy, as well as to keep pace with the rapid and disruptive changes that are reshaping the global accountancy profession.

I am pleased to share that AFA celebrated many achievements and successes as a regional accountancy body in recent years. In 2018, I had the privilege, as AFA’s first President to speak at the World Congress of Accountants (WCOA) – the “Olympics of Accountancy Profession” in Sydney, attended by more than 5,000 accountants from around 118 countries.

There were also several bilateral and trilateral collaborations among AFA member bodies. These included 10 capacity-building workshops in ASEAN conducted by Institute of Singapore Chartered Accountants (ISCA); tripartite collaboration between Lao Chamber of Professional Accountants and Auditors (LCPAA), Malaysian Institute of Accountants, and World Bank on IFRS transition in Lao PDR, and an ethics workshop co-organised by Brunei Darussalam Institute of Certified Public Accountants and Institute of Indonesia Chartered Accountants, just to name a few. These helped to expand capacities and build new capabilities in ASEAN to support the growing demand for accountancy services.
Besides building regional capacity, AFA also worked towards obtaining global recognition as the regional accountancy body of ASEAN and advocating public interest issues. For example, AFA participated in International Federation of Accountants (IFAC) PAO Development Committee Meeting in Manila in 2018 and co-hosted several events with international partners, such as IAI-AFA-IAESB International Conference in Bali and the IFAC Developing Accountancy Capacity in Emerging Economies Conference in Kuala Lumpur in 2019.

In November 2019, AFA reached a significant milestone when the IFAC announced that it had approved AFA’s application to become the first new regional organisation under IFAC’s newly established framework for strategic relationships. Under this framework, IFAC and AFA can look forward to collaborating on common strategic interests in the near future.

At the same time, AFA celebrated LCPAA’s successful admission as an IFAC Associate member. This is an important milestone not only for LCPAA in being recognised as a credible professional accountancy organisation that meets international standards, but also AFA, in realising our collective aspiration to raise the professional standards of the accountancy profession in ASEAN.

**2020-2023: Our Plan for the Future of the ASEAN Accountancy Profession**

During our strategic retreat hosted by Myanmar Institute of Certified Public Accountants (MICPA) in Bagan in September 2019, AFA Council had a fruitful discussion which yielded useful suggestions on how AFA should build on its success. Moving forward, AFA will continue to play the advisory and leading role on matters relating to the ASEAN accountancy profession. This will be supported by AFA member bodies to bring about dynamic development, stability and prosperity.

**Passing the Baton**

Thank you for your unwavering support throughout my term as AFA President. I wish to take this opportunity to express my most sincere appreciation to my fellow Office Bearers 2018-2019: Wan Tin and Prof. Chan Yoke Kai; Executive Director Aucky Pratama, AFA Secretariat and Council members. I look forward to working with the new leadership team led by President Wan Tin and Deputy President Suphot Singhasaneh, to build an innovative and resilient ASEAN for us all and for future generations.

Thank you.

**KON YIN TONG**

President (2018-2019)

---

This message was first published as an article in the AFA Connect Edition 04 (December 2019)
The rise of ASEAN as an economic region continues to bring many opportunities for ASEAN PAOs to collaborate and develop the accountancy profession in their respective countries. For Myanmar, the last decade has brought significant progress, one that needs to be supported by a strong accountancy profession, to create an accountable economic ecosystem and sustainable business environment. I am delighted to see how AFA and the AFA member organisations have supported MICPA in our continuous efforts in building a strong accountancy profession in Myanmar.

Our four-year journey under the AFA Strategic Plan 2016-2019: Building Regional Capacity, Supporting Global Endeavours finally culminates in 2019. In this period, we have put our focus on shared priorities, in adoption and implementation of international standards, regional thought leadership on SMEs and SMPs issues, and capacity building of ASEAN PAOs. As a growing profession in the region, we recognise the limited collective capacity available and accessible to both the ASEAN PAOs and accountants. Knowledge and experience sharing become an important avenue for the developing PAOs, such as MICPA, to learn from our “big brothers” the more developed ASEAN PAOs.

Reflecting on our progress in 2016-2019, I believe the role of a regional body such as AFA is becoming more important, especially in facilitating cooperation between stakeholders and carrying the collective voice of the region in global discussion on topics relevant to the ASEAN accountancy profession. Understanding that we share similar culture unique to our region is an important asset in our collaboration to build the capacity of ASEAN PAOs.

For MICPA, we aspire to continue our effort to be recognised as an IFAC Associate. As the only PAO in the region currently yet to be either an associate or member of IFAC, we look to leverage our membership with AFA and network with the AFA member organisations to work on our capacity to be a stronger PAO with capacity to continuously meet the IFAC SMOs.

2019 has been a great experience for me, in my position as the AFA Deputy President. It was a privilege to serve under the leadership of President Kon Yin Tong, together with Treasurer Prof. Chan Yoke Kai. I look forward to working with the AFA Office Bearers 2020-2021, to build on what President Kon has achieved in his term and implement the AFA Strategic Plan 2020-2023, for a better ASEAN accountancy profession.

Thank you.

WAN TIN
Deputy President (2018-2019)
MOST will remember 2019 for the global political turbulence (e.g. Brexit, US-China trade war, Hong Kong protests), rise in climate change issues (e.g. Amazon fire or Greta Thunberg’s inspired Fridays for Future), or perhaps the big question mark over how an egg broke Instagram. For AFA and the ASEAN accountancy profession, 2019 has been an important milestone in our continuous collective efforts in further enhancing the capacity of ASEAN accountants and getting the recognition from local, regional, and international partners and stakeholders.

Engagement and collaboration are two key words that illustrate what have been the Federation’s main achievements for the year. AFA and our member organisations welcomed participation from and engagement with various stakeholders, such as IFAC and the IAESB at the IAI – AFA – IAESB International Conference 2019 in Nusa Dua, Bali on April. IFAC President, Dr. In-Ki Joo, leader and members of the IAESB are joined by representatives of PAOs from all ASEAN Member States in discussing the latest on accountancy education. As an accredited ASEAN CSO, we also supported the hosting of the 1st ASEAN CPA Conference in October, a platform for promoting the ASEAN CPA initiative. Finally, together with ISCA Financial Reporting Committee, we successfully conducted the ISCA FRC – AFA Financial Reporting & Business Conference 2019 in Singapore, a celebration of the 21st AFA Conference.

Recognising the importance for contributing to regional research capacity on issues relevant to the profession, in 2019, we continue with our research initiative. Based on the success of the AFA Research Grant 2016, which resulted in publication of AFA Research Report 2018, we introduced the AFA Research Grant 2019. Conducted by a group of Malaysian researchers, we look forward to sharing the research findings and publish the report in 2020.

A major milestone for AFA in 2019 was the recognition as an IFAC Network Partner. Following a long process, we are delighted to be recognised as a partner for IFAC in development of the profession in the ASEAN region. It is a realisation of our aspiration, to be the recognised umbrella body for the ASEAN accountancy profession.

I would like to take this opportunity to thank our President (2018-2019), Kon Yin Tong, for his leadership and service to the Federation. Under his term, AFA has certainly made significant progress, one that we look forward to continuing under President Wan Tin’s term in 2020-2021.

Terima kasih.

AUCKY PRATAMA
Executive Director
AFA was organised in March 1977 to serve as the umbrella organisation for the recognised national Professional Accountancy Organisations (PAOs) of the Association of Southeast Asian Nations (ASEAN) member states.

ASEAN Federation of Accountants (AFA)

AFA is an accredited Civil Society Organisation of the ASEAN, recognised under the ASEAN Charter since 1994.

IFAC Network Partner

AFA is a recognised IFAC Network Partner since 2019

VISION

Globally recognised as the organisation that represents the accountancy profession in the ASEAN region.

MISSION

Develop and promote the accountancy profession in the region in support of the socio-economic enhancement of the ASEAN member states.
As a regional body for the ASEAN accountancy profession, AFA continues to aspire to become the voice of ASEAN accountants in the collective global development of the profession. AFA values its relation and collaboration with various partners and stakeholders. At a global level, AFA recognises the important role of the International Federation of Accountants (IFAC), together with the IFAC member organisations in serving the public interest through enhancement of the relevance, reputation, and value of the global accountancy profession.

In building the collective capacity of the ASEAN accountancy profession, AFA focuses on strengthening the capacity of the AFA member organisations. The Federation recognises the value for the member organisations to become a member of IFAC and continuously fulfilling the requirements of the IFAC Statements of Membership Obligations (SMOs). Almost all of the AFA member organisations are either an IFAC Member or Associate, with recognition of LCPAA as the latest IFAC Associate in 2019. The SMOs serves as a parameter for the level of maturity of the member organisations and a tool in identifying common priorities, opportunities, and challenges of the AFA member organisations.
In September 2019, the IFAC Board has approved the acknowledgement AFA as an IFAC Network Partner. It is a culmination of a long and at times – challenging journey, one that further strengthen AFA and IFAC’s spirit for collaboration. This is an acknowledgment of AFA’s role as IFAC’s partner in development of the accountancy profession in the ASEAN region (Southeast Asia) and contribution to a stronger global accountancy profession.

AFA and IFAC are now focusing on identifying opportunities for collaboration in areas of common strategic interest, as highlighted in the IFAC Network Partner Memorandum of Understanding (MOU) between the two organisations. Both organisations are looking into further strengthening of AFA’s role as the focal point for stakeholders on matters relating to the ASEAN accountancy profession, promoting regional integration through promotion of high quality professional standards, reduction of development gaps and enhancement of cooperation between AFA member organisations, stimulating the regional research capacity on topics relevant to ASEAN SMEs and SMPs, and leveraging technology to facilitate information and knowledge sharing on the ASEAN accountancy profession.
Kon Yin Tong is the President of the Institute of Singapore Chartered Accountants (ISCA) and serves as Chairman of the ISCA Executive Committee. He has been a member of the Nominations Committee since 2016. He was previously the Vice-President as well as a member of the Executive Committee from 2016 to 2018.

Yin Tong has been in the public accounting profession for more than 30 years and has personally been hands-on in many client engagements, including cross-border assignments. As Managing Partner of Foo Kon Tan LLP, his areas of practice include those in litigation support and dispute resolution, including acting as expert witness and as assessor to the Court. Yin Tong has been a Board member of the Singapore Accountancy Commission since 2013. Yin Tong is also the Chairman of Sport Singapore and audit committee chair of the Energy Market Authority. Previously, he was audit committee chair of the Singapore Totalisator Board, and a Board member of the Accounting and Corporate Regulatory Authority from 2006 to 2011.

Yin Tong is a first-class honours graduate from the London School of Economics.

Wan Tin is the Managing Partner and Founder of JF Group. In February 2017, he was elected as the Chairman of MICPA which is a primary member of AFA and has worked for development and advancement of the accounting profession in Myanmar.

During his tenure in MAC and MICPA, he has played an important role in drafting the new MAC law, the new Myanmar Companies Law and the new MICPA Constitution and participated in discussions on and implementation of the 5-year Capacity-Building Project undertaken by IFAC and ACCA with funding from the Department for International Development (DFID) (UK), which paves the way for application for IFA associate membership in December 2019. Also he has actively participated in and contributed to Myanmar Accounting and Auditing Standards Setting, Drafting of the new MAC Law and of the new Myanmar Companies Law, held workshops, seminars, and meetings with International Organizations and International Professional Bodies to gather information on and discuss professional issues as well as made recommendations and proposals to the Regulatory Bodies to adopt more appropriate policies that support professional development and activities that benefit members and protect their interests.

Moreover, he also serves as a member of the Access to Finance Working Committee and has provided input on updating the Public Sector Development Framework and Action-Access to Finance.

Professor Chan Yoke Kai held senior and management roles in various universities. He is currently an Advisor to the accountancy programme at the Singapore University of Social Sciences. Prof Chan is currently a Council Member of ISCA and a past President of CIMA (Singapore Branch). He had also been a faculty member of both the National University of Singapore and the Nanyang Technological University.

He is currently a Board Member of the Global Research Board of CIMA and a Member of the ACCA Education Global Forum. Professor Chan is a member of the International Federation of Accountants (IFAC)’s new International Panel on Accountancy Education (IPAE). He is among seven of the panel members from Asia Pacific and is the only representative from ASEAN.

Professor Chan is a Fellow Member of the Institute of Singapore Chartered Accountants (FCAS) and a Fellow of the Association of Chartered Certified Accountants (FCCA), Certified Public Accountant Australia (FCPA), Chartered Institute of Management Accountants (FCMA) and a Chartered Global Management Accountant (United Kingdom) (CGMA).

In recognition of Professor Chan’s contribution to the accountancy profession, ISCA presented him with a Silver Medal Award in 2008.

AFA’s Headquarter is the AFA Permanent Secretariat, established in Jakarta with the support of Ikatan Akuntan Indonesia.

Under the bright tropical sun of Bali, the AFA Council and member organisations met for the 128th AFA Council Meeting. The meeting was held in the same week as the International Accounting Education Standards Board (IAESB) Meeting and the jointly hosted IAI-AFA-IAESB International Conference 2019, highlighting AFA’s recognition on the importance of working with key stakeholders such as IFAC, IAESB, and IAI as the hosting PAO.

AFA’s focus on strengthening its relationship with key stakeholders was further emphasised through involvement of both IFAC President, Dr. In-Ki Joo and former Chair of the IAESB, Anne-Marie Vitale at the meeting. In his remarks, Dr. Joo acknowledged AFA’s important role in development of the accountancy profession in the ASEAN region and IFAC’s desire to continue both organisations’ strong relationship. In particular, he highlighted the importance for the region in working with IFAC on protecting public interest and rebuilding trust towards the profession especially in the disruptive era. Meanwhile, Anne-Marie shared her role as the Chair of the International Accountancy Education Transition Advisory Group, responsible for assisting with developing the model going forward for development of the accounting education standards.

Further highlighting the importance of sharing from and between member organisations, ISCA Deputy Director (Technical), Lim Ju May presented Singapore IFRS convergence journey, and Singapore-specific application challenges (IFRS 9, IFRS 15). The meeting also acknowledged sharing from Dr. Teerachai Arunruangsirilert of TFAC, who is also the Chair of ASEAN CPA Coordinating Committee, on the latest update on implementation of the ASEAN MRA on Accountancy Services.

Recognising the important role of the AFA Working Committee, the meeting approved new term for the Committee leadership. Representatives of IAI, ISCA, MIA, PICPA, and TFAC are continuing the Committee’s work in serving as a platform for AFA in focusing on its key priorities.

A major milestone for AFA was the first strategic discussion conducted as part of the meeting. It was an important first step in the Federation’s journey in establishing the AFA Strategic Plan 2020-2023. The Council focused on a review of the AFA Strategic Plan 2016-2019, recognising AFA’s major achievements for the period, value propositions to partners and stakeholders, and potential challenges and opportunities that will continue to be considered for the coming period. The discussion served as the basis for further deliberations throughout 2019.
129th AFA Council Meeting

Final meeting for the year was hosted by ISCA in Singapore, back-to-back with the ISCA FRC-AFA Financial Reporting & Business Conference 2019, a celebration of the 21st AFA Conference. The Council took the opportunity to congratulate LCPAA for their appointment as an IFAC Associate. It is a culmination of a long development journey and a statement of progress for the PAO. AFA is committed to work with the member organisations in becoming a member of IFAC and fulfilling the IFAC SMOs.

Further highlighting the importance of the ASEAN region and AFA at the centre of the development of the profession, AFA welcomed the Institute of Management Accountants (IMA) as its latest Associate Member. Presented by IMA’s Senior Director for Southeast Asia and Australasia, Dr. Josh Heniro, IMA’s proposal was responded positively by the Council. AFA looks forward to working with IMA in advancing the management accounting profession in the region.

Continuing with commitment to facilitate sharing from and between AFA and relevant stakeholders, the meeting invited Nick Talbot, CEO of the International Valuation Standards Committee (IVSC) who presented a brief information about IVSC and the latest update on International Valuation Standards. Lee Zhen Ni, Senior Manager, Professional Qualification of ISCA also presented ISCA’s initiatives on financial forensic accounting and infrastructure advisory.

A major highlight of the meeting was approval of the AFA Strategic Plan 2020-2023. The plan focuses on successful outcomes, strategic thrusts, and the related action plans for the period, highlighting linkage between strategies, priorities, and activities identified as the AFA Strategic Map. The plan was a result of a year-long discussions, absorbing AFA and the member organisations’ aspirations for the profession in the region for the next four years. The plan recognises AFA’s aspirations to work closer and collaborate with partners and stakeholders (internal and external) on shared strategic interests in the region.
AFA EVENTS AND ACTIVITIES

BICPA CPD Activity on Ethics for Professional Accountants

Rizqun International Hotel, Bandar Seri Begawan | 6 March 2019

AFA together with IAI and host BICPA conducted a one-day (8 CPD hour) CPD activity on ethics for professional accountants, looking at the evolution of ethics as a concept and set of standards and its real-world implementation particularly in the ASEAN region. The session was delivered by Agung Nugroho Soedibyo (Member, IAI Professional Certification Board), an experienced practitioner with more than 40 years of professional experience with multiple large accounting firms in Indonesia.

Held at the Rizqun International Hotel, the session was attended by around 60 participants, most are members of BICPA. It was a first collaboration between BICPA and IAI, a realisation of AFA’s aspiration to facilitate cooperation between the ASEAN PAOs, as a platform for knowledge and resource sharing and mutual capacity building.

The session looked at the Code of Ethics issues by the IESBA, particularly the new and revamped Code effective in June 2019. Included in the discussion was information on the NOCLAR and revised independence provisions relating to long association. The session also looked at hot ethics are being implemented in today’s technology driven business environment, acknowledging its importance as a disruptive force affecting how the accountancy profession is providing its services to the stakeholders.

IAI – AFA – IAESB International Conference 2019

Bali Nusa Dua Convention Centre, Nusa Dua | 11-12 April 2019

More than 200 participants from 15 countries attended the IAI – AFA – IAESB International Conference 2019 in Nusa Dua. The Conference was co-hosted by AFA, IAI and IAESB, focusing on competencies of the future and the role of accounting education standards in equipping professional accountants to face new challenges in the disruption era. The Conference discussed the topic from three key areas: opportunities and challenges for professional accountants in the digital age and the growing
importance of Information and Communications Technology (ICT) skills, importance of professional scepticism in the face of recent accounting misbehaviours and how one can become a better sceptic, and the need for enhancement of accounting competencies through CPD.

Among the key contributors to the conference, sharing their views on the theme and different topics are Dr. In-Ki Joo (President, IFAC), Kon Yin Tong (President, AFA 2018-2019), Anne-Marie Vitale (former Chair, IAESB), Prof. Ainun Na’im (Council Member, IAI), Dr. Nurmazilah Dato’ Mahzan (CEO, MIA), and Chun Wee Chiew (Board Member, IAASB). Other contributors came from different backgrounds, local, regional and international, such as IAESB board members, PAOs, practitioners, and Government representatives.

In his remarks, AFA President highlighted how disruptions change the way we do business, the way we live, including how accountants are providing their services. The accountancy profession cannot afford to remain complacent and need to remain relevant in today’s world characterised by the Fourth Industrial Revolution.

A reflection of the conference’s strong focus on technology, participants actively participated in the discussions through the use of the event application, developed by IAI. In addition to Q&A and general information about the event, the application was also used to gather participants’ feedback via an online survey.

The conference was a realisation of AFA’s objectives to support adoption and implementation of international standards and provide a development platform for PAOs and accountants in the region.

AFA President was invited by IAI to participate at the IAI Aspiring Professional Accountants International Seminar, held at the Universitas Udayana, one of the biggest universities in Bali. With the theme of *becoming the next generation of professional accountants*, the seminar focused on building accounting students’ awareness of the latest trends affecting the profession and aspiring them to become the future of the profession.

President Kon participated in the morning session of the seminar, introducing AFA to the participants, sharing his experience in becoming a professional accountant and talking about future competencies of the profession. The session was facilitated by Prof. Lindawati Gani in front of about 150 participants, mostly consisted of third year accounting students of the university.
Participants actively engaging in the discussion, asking questions on matters such as their next step in becoming a professional accountant, the merit of further education vs obtaining a chartered accountant designation, and the role of accountants, specifically auditors, in dealing with accounting scandals. AFA’s participation is part of the Federation’s efforts in building public awareness towards AFA and its activities (branding).

The afternoon session was dedicated to the international context on the topic. Participants witnessed sharing from IFAC President, Dr. In-Ki Joo and former IAESB Chair, Anne-Marie Vitale, facilitated by Prof. Sidharta Utama of IAI and former member of IAESB.

**3rd Forum of Entities Associated with ASEAN**

**ASEAN Secretariat, Jakarta | 29 April 2019**

AFA as an accredited Civil Society Organisation of the ASEAN participated in the 3rd Forum of Entities Associated with ASEAN, hosted by the ASEAN Secretariat. The forum is a platform for ASEAN in interacting with entities associated with the association in the political-security, socio-cultural, and economic communities.

In his welcoming remarks, H.E. AKP Mochtan, Deputy Secretary-General, Community and Corporate Affairs of the ASEAN highlighted the importance for ASEAN to continue with their efforts in maintaining strong communication and coordination with the many stakeholders in the region, particularly entities associated with the ASEAN. He recognised the important role that the entities can play in building communities’ awareness toward the ASEAN objectives and plan, and how they will affect ASEAN as a single community. H.E. Ambassador Phasporn Sangasubana, Permanent Representative of the Kingdom of Thailand to ASEAN in her opening remarks shared with the entities Thailand’s priorities for its term as the Chair of the ASEAN in 2019.

Represented by Executive Director Pratama, AFA participated in an interface session with the Deputy Secretary General of ASEAN of the ASEAN Economic Community, DSG Aladdin D. Rillo, and a breakout session with the ASEAN Sectoral Bodies on economy led by Bhornbhat Punngok, representing the Chair of the ASEAN Senior Economic Officials’ Meeting (SEOM). Among the issues raised were on how the entities can contribute to the ASEAN initiatives and how to better coordinate the many initiatives and activities of ASEAN and entities associated with the organisation.

State Audit Office of Vietnam, Hanoi | 25-26 May 2019

VAA hosted the VAA Conference in Hanoi, conducted as part of commemoration of VAA’s 25th anniversary, focusing on the topic of future and prospects of accounting profession. Invited by VAA, AFA President, Kon Yin Tong, delivered a presentation on behalf of AFA, focusing on development trends of accounting profession in ASEAN. President shared with more than 200 participants, mostly members of VAA, about AFA, its priorities and activities, impacts and challenges of Industry 4.0 on the accounting profession, education, future competencies of professional accountants, and AFA as an ASEAN resource centre.

The conference was graced by the presence of prominent and senior leaders of relevant stakeholders in Vietnam. Among those who attended and participated at the conference were Prof. Dr. Vuong Dinh Hue, Deputy Prime Minister of Vietnam, Dr. Ho Duc Phoc, General State Auditor of Vietnam, Vu Thi Mai, Deputy Minister of Finance of Vietnam, and Dr. Dang Van Thanh, President of VAA as the host.

In conjunction with the conference, President was also invited to attend the 6th National Delegate Congress of VAA (2019-2024). With participation from 320 out of 10,000 eligible members of VAA, the congress was an important part of VAA’s continuing role as the recognised PAO in Vietnam. Presided by the Board of Chairman, VAA members participated in the general election to vote for the next leadership of VAA.

In his speech, President congratulated VAA for their role in development of the accountancy profession in Vietnam and in contributing to AFA in the collective development of the profession in the region. Under the leadership of Dr. Dang Van Thanh, VAA continues to play its role as a member of AFA and also IFAC, working hand-in-hand with fellow PAOs and relevant stakeholders in the region.

Prior to the conference and congress, President also participated in a delegation welcomed by senior leaders of the Ministry of Finance of Vietnam, led by Mr. Dinh Tien Dung, Minister of Finance of Vietnam. Among the delegates were representatives of ISCA and representatives of MIA led by their President, Huang Shze Jiun.

The participants discussed the latest on the profession in the region, expectations and possible collaborations in Vietnam, and how the Vietnamese stakeholders can contribute to the regional development of the profession.
AFA Executive Director (ED) was invited as a resource speaker by PICPA, to speak at the PICPA Annual Planning Conference for Fiscal Year 2019/2020. Held in Baguio, the conference focused on the theme of reinforcing for the future, together, today. The theme embraces the rapid changes transforming the business landscape, from industries dominated by machine-led production to today’s Fourth Industrial Revolution, which is characterised by great leaps in technology. PICPA recognised the need for the profession to prepare for the future by learning the new competencies required in navigating disruption. ED was invited to speak on capacity building PAO, looking at benchmarking opportunities on experience of other PAOs in the region. In his presentation, ED shared with almost 200 accountants – PICPA members from different chapters from all over the Philippines, AFA’s progress and initiatives for the period. He also highlighted several development and capacity building initiatives of the AFA Primary Members, such as the use of technology as a platform for PAO in providing better value to their members, ISCA’s Quality Assurance Framework and MIA’s Practice Review. The participants were enthusiastic to discuss how PAO can play a more effective role in working with the relevant Government bodies in ensuring the quality of public practice in the Philippines.

Among the other speakers sharing their expertise were Honourable Noe G. Quinanola, Chairman of the Board of Accountancy, who shared an overview and directions of the accountancy profession and the role of PICPA, and Dr. Cesar Mansibang, past National Director of PICPA, who shared the importance of linking the Board of Accountancy’s plans with PICPA’s five-point of thrust.

As part of the event, PICPA held the PICPA dinner and induction ceremonies for the new leadership of the Institute (and its chapters) for Financial Year 19/20. Replacing the departing National President Ma Asuncion Golez is Evelyn Corpuz, National President Financial Year 19/20. AFA congratulated President for her impeccable leadership and contribution to AFA and look forward to continuing both organisations’ long history of cooperation under her leadership.

AFA Secretariat together with IAI welcomed a visit from delegation of CPAs from the Republic of China/Taiwan (ROC). The delegation consisted of representatives of the National Federation of CPA Association of the ROC and the Taiwan Provincial CPA Association, a non-government institution organised by CPAs in Taiwan. The purposes of
leading the delegation of 12 were Hwang Yih Ray, Chairman of the National Federation of CPA Association of the ROC, Tien Chien Lung, Chairman of the Taiwan Provincial CPA Association, Kuo Tsung Ta, Committee Chair of the Taiwan Provincial CPA Association, International and Cross-strait Service Committee, and Tai Hsing Cheng, Committee Chair, The National Federation of CPA Associations of the ROC, International Affairs Committee.

IAI, AFA, and the Taiwan delegates shared brief information about each organisation’s activities, investment and economic environment in the region, and how SMPs practice their business in each country. In the area of collaboration and affiliation, AFA Executive Director shared examples of potential for collaborations on sharing of information on accountancy practices and capacity building of accountants in the ROC and the ASEAN region.

**AFA President Visit to IFAC Office**

AFA President visited the IFAC office in New York and participated in an AFA and IFAC conference call, discussing the latest proposal on the simplified framework for organisational relationships. Joining the call from Singapore and Jakarta respectively were AFA Treasurer and Executive Director.

Represented by Alta Prinsloo, Executive Director, Quality and Development and Adrian Lim, Technical Manager, Quality and Development, and IFAC President, Dr. In-Ki Joo, joining the call from Seoul, IFAC reiterated its commitment to strengthen its partnership with regional organisations and development partners in developing the accountancy profession.

AFA applauded and reiterated its support to IFAC’s effort in proposing the simplified framework, one that would better facilitate identification and coordination of shared objectives, interests, and activities between IFAC their partners and stakeholders.

**AFA Meeting with Representatives of the Institute of Chartered Accountants in India**

AFA was invited by IAI to meet with representatives of the Institute of Chartered Accountants of India (ICAI) in Jakarta. Led by Prafulla P. Chhajed, President and Atul Kumar Gupta, Vice President of ICAI, with delegates consisted of primarily ICAI members based in Indonesia. Among the representatives of IAI were
Council members, Isnaeni Achdiat and David Sijabat. The meeting was also attended by representatives of CPA Australia (Indonesia).

The meeting sought to explore possibilities of mutual cooperation between particularly ICAI and IAI, on areas such as member management, technical research, CPD, professional accountancy training, and monitoring of audit quality. ICAI also shared some of its key initiatives such as ICAI’s digital e-Learning and Unique Digital Identification Number for securing certificates attested by practicing Chartered Accountants.

ICAI also extended invitation to IAI and AFA to attend the upcoming ICAI International Conference, scheduled to be held in Mumbai on 6–7 December 2019. They also requested IAI and AFA’s support to promote the World Congress of Accountants, to be held in Mumbai on 18–21 November 2022.

IAI Aspiring Professional Accountants Festival (APAFest) 2019

Indonesian Stock Exchange, Jakarta | 4 September 2019

IAI hosted its annual IAI Aspiring Professional Accountants Festival (APAFest) 2019 at the Main Hall of the Indonesian Stock Exchange. More than 1,500 accounting students from all over Indonesia participated in various activities conducted as part of the event, such as: career fair, APA Championship, National APA Award and APA Best Paper competition, and IAI’s Chartered Accountant (CA) scholarship selection.

IAI APAFest 2019 is part of the Institute’s continuous efforts in preparing the next generation of Professional Accountants in Indonesia. This program is in line with the Government of Indonesia’s strategy to create a leading generation of high-quality human resources, serving as a catalyst for advancement of the country’s economy and achievement of Indonesia’s potential as one or the largest market in the world.

Officially opened by Prof. Mardiasmo, President of the IAI National Council, some of the prominent speakers sharing their thoughts and experiences with the young accountants were Prof. Ainun Naim, a Council Member of IAI, Helmy Yahya, former CEO of TVRI, and Dasrul Chaniago, Chair of the CFO Club Indonesia.

As a supporter of the event, AFA, represented by Executive Director Pratama, moderated a session focusing on the topic of successful accountants. Chair of the CFO Club Indonesia shared his experience in becoming one of the youngest CFOs in Indonesia and how his accountancy background has prepared him for his journey. Representing the Finance Profession Supervisory Centre of the Ministry of Finance, Andar Ramona Sinaga as the counterpart in this session also shared some the Indonesian Government’s initiatives to help accountants in Indonesia in reaching their full potential.
IAI International Tax Conference 2019

In the effort to raise public awareness to these issues and provide a platform for discussion among relevant stakeholders and the accountancy profession, IAI through its IAI Taxation Accountants Compartment conducted the IAI International Tax Conference 2019. This was the sixth event conducted by IAI, supported by the Bureau van Dijk (a Moody’s Analytics Company). The event took the theme of The Current Issues of International Taxation and Digital Economy Era. AFA was one of the supporters for this conference.

Opened by the President of the National Council of IAI, Prof. Mardiasmo, the conference focused on four sessions looking at tax and customs challenges in the digital economy, improving tax and customs certainty in Indonesia, how to resolve the transfer pricing dispute in Indonesia, dan how to utilise Big Data to increase tax and customs compliance in Indonesia.

The event also witnessed the signing of a Memorandum of Understanding between IAI and the Directorate General of Customs and Excise, aimed at enhancing public awareness and obedience on customs and excises in Indonesia.

Indonesia MOF Finance Profession Expo 2019

AFA was invited by IAI and the Ministry of Finance of Indonesia’s Financial Profession Development Centre to participate at the Ministry of Finance of Indonesia’ Finance Profession Expo 2019. The event brings together more than 2,000 registered participants, consisted of leaders and practitioners of the Indonesian finance professions, major accountancy, valuation, and actuary firms, universities, and the next generation of accountants in Indonesia.

Opened by Secretary General of the Ministry of Finance, Hadiyanto on behalf of the Minister of Finance of Indonesia, the two-day event provides participants with valuable opportunities to build network and learn about the latest trends in the professions. Through this event, the Financial Profession Development Centre as the main regulatory body for the professions aspires to create an ecosystem that can nurture the next generation of finance professionals.

In the main panel session, looking at the role of finance profession in the Indonesian economy, Prof. Lindawati Gani of IAI shared IAI’s
key initiatives in developing future professional accountants in Indonesia. The panel highlighted the potential demand for professional services in the finance industry that needs to be responded by the professional bodies.

The event was also an opportunity for the three accountancy bodies (IAI, IAPI, and IAMI), together with the Ministry of Finance, to promote the 1st ASEAN CPA Conference 2019 (Bali, 16-17 October 2019). AFA was a supporting organisation of the event.

Implementation of the ASEAN MRA on Accountancy Services as a regional Government initiative of the ASEAN member states has had its successes and challenges. As at October 2019, four years after the MRA was signed, 3,770 accountants in the region have registered themselves as ASEAN CPAs under the initiative. The figure is relatively low compared to for example, the collective membership figure of the AFA Primary Members (more than 220,000 accountants as at December 2018).

The 1st ASEAN CPA Conference 2019 was held as a realisation of ASEAN Governments’ aspiration to work with a larger group of stakeholders, in further promoting the MRA, specifically the ASEAN CPA designation. The conference was held to provide a platform for Government officials, business leaders, professional bodies, and accountants in the region to network and discuss the future of the profession, including how to contribute to the successful implementation of the MRA.

More than 300 participants, including more than 50 from the ASEAN member states, attended the conference as an important milestone for the ASEAN CPA journey. Following the formal officiating of the conference, in her keynote, the Minister of Finance of the Republic of Indonesia, H.E. Dr. Sri Mulyani Indrawati shared Indonesia’s journey in establishing its state finance accountability. She highlighted the important role of professional accountants, in public and private sector, in building public’s trust towards both the profession and the overall financial reporting environment in Indonesia.

Day 1 of the conference witnessed the launching of the ASEAN CPA logo, a culmination of the ASEAN member states’ journey in bringing together their aspirations for a regional recognition of qualified
professional accountants. The logo illustrates the different colours of the ASEAN member states and how together they create a unified colour of the ASEAN CPA.

Day 2 focused on professional accountancy bodies’ experience in developing the profession in Indonesia and the ASEAN region. AFA, represented by AFA Council Member, Prof. Sidharta Utama (IAI) shared a brief history about AFA, its key initiatives and activities, and aspiration to work with stakeholders in the region in developing the accountancy profession. Led by Prof. Djoko Susanto, AFA President (1994-1995), the discussion highlighted the importance of collaboration between the accountancy bodies, and also with relevant partners and stakeholders in the region. In the second panel of the day, Agung Nugroho Soedibyo, a Council Member of IAMI highlighted the need for accountancy bodies and the private sector to be involved in the ASEAN CPA discussion, particularly to promote the initiative to businesses in the region.

The conference was concluded with official handing over of the conference hosting from Indonesia to Dr. Teerachai Arunruangsirilert, then Chair of the ASEAN CPA Coordinating Committee. The 2nd ASEAN CPA Conference is scheduled to be hosted in the Philippines in 2020. The conference was jointly organised by the Financial Profession Development Centre of the Ministry of Finance of the Republic of Indonesia, ASEAN Secretariat, the three Indonesian professional accountancy bodies (IAI, IAPI, IAMI) and AFA.

MIA International Accountants Conference 2019

Kuala Lumpur Convention Centre, Kuala Lumpur 22-23 October 2019

MIA successfully hosted the MIA International Accountants Conference 2019, the Institute’s premier annual conference and the largest accountancy event in the country. Attended by more than 3,300 delegates from 21 countries all over the world, the conference had more than 80 speakers spread over 20 sessions of various topics. AFA was one of the proud supporters of the conference.

Taking the theme of Trust and Sustainability in a Digital Economy, the conference was officiated by then Y.B. Senator Dr. Radzi Md. Jidin, Deputy Minister of Economic Affairs, Ministry of Economic Affairs, Malaysia. In his keynote, the (then) Deputy Minister stressed the importance of data and evidence-based policy making and the role of accountants in gathering accurate and reliable data, even more so in a digital economy.
Day 1 of the conference presented various discussions on topics such as trust and sustainability in a digital economy, navigating the AI-augmented workplace, tax reforms: ensuring sustainability for long term growth, sustainability skillsets, trust and security in Big Data, harnessing analytics to maximise business performance, and enabling integrity and delivering trust. Some of the speakers sharing the stages were Dr. Nurmazilah Dato’ Mahzan (MIA), Kevin Fitzgerald (Xero Asia), Prof. Yeah Kim Leng (Sunway Univ), Dr. Keeratpal Singh (Axiata), and Datuk Zaiton Mohd Hassan (Pembangunan Msia Bhd).

Continuing the success of day 1, day 2 of the conference brought together names such as Sharifah Raudhah AlQudsy, Sereen Teoh (AirAsia BIG), Prof. Dato’ Dr Mohd Azmi Omar (INCEIF), Dato’ Wong Wing Seong, (BDO Malaysia), Dato’ Abdul Aziz Abu Bakar (ICDM/Affin Bank), Dr. Veerinderjeet Singh (Axcelasia Inc), and the highlight of the day, Gary Guller, the first one-armed man to summit Mt Everest & successfully complete the gruelling 6-day 250 km Marathon de Sables in the Sahara. Panelists were involved in various discussions focusing on blockchain revolution, the profession’s responsibility in combating climate change, the role of women in enabling corporate culture, and finance in the age of AI and 4.0.

AFA & World Bank Visit to the ASEAN and ACPACC Secretariat

AFA continues to strengthen its communication with the World Bank, particularly on exploring potential development collaboration in the region. The Bank is currently working on a proposal for development activities in selected ASEAN countries, focusing on support for development of enabling regulatory frameworks over financial reporting in both the public and private sectors and build related implementation capacity through regional partnership with stakeholders in the region. The activity looks to draw on the International Development Association (IDA) funding and is envisioned to leverage the knowledge and experience of more advanced countries within ASEAN to assist in closing the development gap in the target countries through peer exchange, knowledge transfer and regional cooperation.

Recognising AFA’s role as the regional body for the ASEAN accountancy profession, the Bank requested AFA’s assistance to meet with key stakeholders in the region, specifically the ASEAN Secretariat and the ASEAN CPA Coordinating Committee (ACPACC) Secretariat, both based in Jakarta. The objective of the visits is to seek preliminary inputs from the stakeholders for the proposed development activities and understand how the activities can contribute to the ASEAN’s initiatives including but not limited to, the ASEAN MRA on Accountancy Services (ASEAN CPA). The Bank is also seeking potential implementation partner(s) for the project and have identified AFA, the ASEAN Secretariat, and ACPACC as potential stakeholders to be involved in the project. The Bank was represented by Senior Financial Management Specialists Christopher Fabling and Bonnie Ann Sirois.
Both the ASEAN and ACPACC Secretariat responded positively to the proposal and highlighted the important role that AFA and the ASEAN PAOs can play in working with the Bank to achieve the common objective of enhancing the region’s financial reporting capacity.

ACCA – IAI – AFA Regional Joint Conference 2019

AFA together with IAI and ACCA Indonesia, in collaboration with CFO Club Indonesia, co-hosted the ACCA-IAI-AFA Regional Joint Conference 2019. The event was part of the three organisations’ collaboration in building awareness towards current issues relevant to the profession in Indonesia. This year’s conference focuses on the topic of managing talent – evolving career opportunities and future competencies. Around 80 invitees, participants, leaders of key stakeholders in Indonesia, and representatives from businesses and universities attended the one-day conference.

In his keynote, David Sidjabat, National Council Member of IAI highlighted the importance for the accountancy profession to respond to changing demands that come from the industry. PAOs in particular needs to ensure their members are equipped with the right future competencies.

The conference was divided into three discussions; managing finance talent in the age of disruption from Human Resources’ (HR) perspective, the future of competencies and learning in finance function from PAOs’ point of view and preparing the future CFOs as described by those in the position. Several of the resource persons mentioned internationally recognised professional qualification as a key component for finance professionals of the future. They see the qualifications as a recognition of quality and assurance of what the individuals can potentially deliver to their stakeholders, particularly their employers.
IESBA – ISCA – AFA Webinar on Code of Ethics

ISCA Office, Singapore  20 November 2019

ISCA and AFA together with the International Ethics Standards Board for Accountants (IESBA) co-hosted a joint webinar on key changes to the Code of Ethics. This is a first collaboration of such nature between AFA and the international standard setting body, in line with one of AFA’s priorities to promote adoption and implementation of international standards in the ASEAN region.

Opened by AFA and ISCA President, Kon Yin Tong, the presentation was delivered by IESBA members, Sylvie Soulier and Caroline Lee. The presentation highlighted key changes to the latest Code, looking at differences in implementation by those in business and public practice. Attended by more than 208 accessing participants, some of which involve group participations, participants showed interest on things such as the architecture of the Code, key changes to independence requirements in the Code, non-compliance with laws and regulations (NOCLAR), professional judgment and scepticism.

One Farrer Hotel, Singapore  26 November 2019

AFA together with ISCA co-hosted the ISCA Financial Reporting Committee (FRC) – AFA Financial Reporting & Business Conference 2019, in conjunction with the 129th AFA Council Meeting. It was also a celebration of the 21st AFA Conference, the Federation’s biennial major event, held back-to-back with the departing AFA President’s final Council Meeting.

With the theme of rising to the challenges of financial reporting, the conference aims to share with audience the latest financial reporting issues in Singapore, adoption of IFRS in ASEAN countries, and some of the latest key trends in the region such as innovation, investment, and implications of global issues such as the US-China trade war and Brexit to the ASEAN region. The event was attended by around 180 participants, consisted of Singapore business leaders and accountants, and representatives of the ASEAN PAOs.

Morning sessions of the conference were curated by the ISCA FRC, focusing on various IFRS implementation issues based on the Singapore business environment such as SPPI test in IFRS 9, real property valuation for
financial reporting, and the new leases standards. One of the panel sessions also sharing with participants the areas of focus and ways to avoid common pitfalls in financial reporting.

During the Q&A session, participants actively posed questions to the speakers through Pigeon-hole, an online interactive Q&A platform used in the conference. Some of the questions receiving the most votes from participants were on valuation (differences between market and fair value), determination of discount rate of leases, accounting for crypto assets, and the use of codification framework in Singapore.

In the afternoon, moderated by Simon Tay of MIA, four representatives of ASEAN countries: Cambodia, Indonesia, Lao PDR, and Myanmar shared their IFRS adoption journey, highlighting the key challenges and opportunities arise from the experience. Participants recognised similarities between the countries, and appreciated the apparent differences such as stakeholders’ maturity and capacity, and the availability of accountants and other supporting professions needed to support implementation of IFRS.

The conference was also privileged with sharing from prominent speakers such as Kishore Mahbubani, Distinguished Fellow Asia Research Institute of the National University of Singapore, Wilson Koh, Group Treasurer of Grab, Darren Tan, CEO of OCBC, and Nick Talbot, CEO of IVSC.

A major event in the conference was the official handover ceremony from departing AFA President, Kon Yin Tong (ISCA), to incoming AFA President, Wan Tin (MICPA). President Wan Tin, together with Deputy President Suphot Singhasaneh (TFAC), will be serving their role for the period of 2020-2021. In his acceptance speech, Wan Tin highlighted the importance of collaboration between the AFA member organisations in developing the ASEAN accountancy profession. He expressed his appreciation for Yin Tong’s leadership and his commitment to continue the AFA Office Bearer 2018-2019’s legacy, particularly in working towards the AFA Strategic Plan 2020-2023.
IAI National Seminar: A Celebration of IAI 62nd Anniversary

TVRI, Jakarta | 5-6 December 2019

Celebrating its 62nd anniversary, IAI hosted the IAI National Seminar on 5-6 December 2019. Taking place at the 12th floor of the historic TVRI (Television of the Republic of Indonesia), the seminar took the theme of Akuntan Indonesia Unggul, Indonesia Maju or Excellent Indonesian Accountants, Advanced Indonesia. The two-day seminar focused on topics relevant with the aspiration to support the development of human resources and economic transformation towards a Golden Indonesia 2045. This is in line with the Government of Indonesia’s priority programs for 2019-2024, focusing particularly on development of the human resources and economic transformation.

First day of the seminar highlighted the importance of democratisation of economy and digital economy in particular as drivers for economic transformation. On the other hand, the profession also recognised the importance for developing villages as key element contributing to a stronger Indonesian economy. Whilst the second day take up the important role of micro, small and medium enterprises and Shariah economy in carrying Indonesia towards industrial revolution 4.0. It highlights the strategic role that professional accountants play in safeguarding the stability of the national financial management.

A highlight of the two-day seminar was an inspiring sharing from the then President Director of TVRI, Helmy Yahya, an accountant with many talents, a public figure, and an inspiration for many.

As part of the celebration, IAI also hosted a fundraising gala dinner and an accountant night, broadcasted live on national television. With the symphony of entertainments as the background, IAI presented the IAI Akuntan Award 2019 to prominent accountants whose achievements have been recognised not only by the profession, but also a wider group of stakeholders. The awards were bestowed to Prof. Mardiasmo, Prof. Moermahadi Soerja Djajegara, Adiperdana, and a former minister of the Republic of Indonesia, Ignasius Jonan.
Developing Accountancy Capacity in Emerging Economies Conference

Kuala Lumpur Convention Centre, Kuala Lumpur | 10-12 December 2019

IFAC, MIA and the Confederation of Asian and Pacific Accountants (CAPA) in partnership with the UK Department for International Development (DFID), the Asian Development Bank (ADB), the Global Fund, INTOSAI Capacity Building Committee (CBC) and the World Bank co-hosted the Future-Ready Accountancy Profession: Developing Accountancy Capacity in Emerging Economies Conference in Kuala Lumpur.

AFA was a proud knowledge partner of the conference, together with the Arab Federation of Accountants and Auditors (AFAA) and the South Asian Federation of Accountants (SAFA).

In their welcoming remarks, both Huang Shze Jiun, President of MIA and Dr. In-Ki Joo, President of IFAC highlighted the important role of the accountancy profession in establishing and upholding public’s trust towards Public Financial Management (PFM). This message continued to be underlined throughout the three-day conference.

Day 1 of the event focused on initiatives in developing accountancy capacity in fragile and conflicted affected states. It looked at among others, the role of accountants and donors in state building in fragile and conflict affected states, how fragility affect countries, PFM in fragile and conflict affected states, role of the accountant general and auditor general in addressing PFM reform challenges, measuring PFM reform progress using the PEFA framework, and sharing or experience in building accountancy capacity in fragile and conflicted affected state.

Day 2 of the conference served as a forum for the participants to talk about a future-ready accountancy profession. The discussion began with an overview of the status of adoption of the international standards, based on data collected through the IFAC Member Compliance Program. Some of the resource persons also shared about the accountancy profession’s role in public transparency and accountability, adoption and implementation of accrual-based accounting standards as a key element of quality reporting, monitoring the implementation of the Sustainable Development Goals, technological trends affecting the accountancy profession, the role and impact of financial management information systems on donor funded development programs, and important role of accounting technicians in servicing the economy and the public sector.
AFA, represented by Executive Director Pratama, participated in a session on digitalisation of accounting services and the role MSMEs as the engine of ASEAN economies. ED highlighted AFA’s research activities (AFA Research Report 2018 and AFA Research Grant 2019) as example of initiatives focused at contributing to regional though leadership capacity on SMEs and SMPs issues. Particularly with the 2019 Grant, he highlighted AFA’s recognition of the importance of technology as a driver of change, affecting the practice of SMEs and SMPs in the ASEAN region.

Last day of the event was delivered as a leadership governance workshop, looking at PAO leadership and governance practices. Main discussions at the workshop focused at principles and practices of operating an effective PAO Board/Council and Chief Executive Officer (CEO) or equivalent, looking at examples, key principles and practices and challenges of operating an effective PAO Board and CEO. Among the ASEAN representatives in the panel were Huang Shze Jiuin, Dr. Nur Bazilah Dato’ Mahzan, CEO of MIA, and Elly Zarni Husin, Executive Director of IAI.
As part of the Federation’s journey in establishing the AFA Strategic Plan 2020-2023, the AFA Council conducted a strategic retreat in Bagan, Myanmar. The retreat was an important step in bridging the first (128th AFA Council Meeting) and second (129th AFA Council Meeting) strategic discussion. Professionally facilitated by an experienced regional strategic facilitator, the retreat was attended by representatives of all ten PAOs of the ASEAN Member States and honourable Union Auditor General on Myanmar, H.E. Prof. Dr. U Maw Than.

The AFA Council’s reflection of the Federation’s journey in the period of 2016-2019 served as foundation in discussion of what would be the AFA’s priorities for the future. AFA conducted a stocktake of its achievements, opportunities and challenges in 2016-2019, together with an evaluation of its priorities for the period. In general, the AFA Council believes AFA has made significant progress, particularly in term of enhancing (national, regional, and international) recognition towards AFA and the AFA member organisations, and their collective efforts in developing the ASEAN accountancy profession.

The retreat identified among other things, AFA’s value propositions to its core stakeholders – internal and external, AFA Council’s vision of success outcomes at the end of the period, and the priority areas of focus or strategic thrusts to achieve the outcomes. All of these are linked together as the AFA Strategic Map 2020-2023, an illustration of AFA’s priorities and strategies under the AFA Strategic Plan 2020-2023.
AFA believes it needs to be the referral point for stakeholders and play advisory and leading role on matters relating to ASEAN PAOs, capacity building, accountancy profession, and technical accountancy discussion in the region. Moreover, AFA needs to be globally recognised as a strong regional grouping of accountancy body which carries the voice of ASEAN accountancy profession. Finally, AFA aspires to raise the professional standards of the AFA member organisations, through membership with IFAC and continuous fulfilment of the IFAC SMOs, further minimising the development gaps between the ASEAN PAOs.

*The AFA Strategic Plan 2020-2023 will be published in 2020.*
AFA continues its commitment to contribute to collective regional research capacity, a realisation of the Federation’s aspiration to be a thought leader in discussion of important issues relevant to the ASEAN accountancy profession. Following the successful launching of the AFA Research Report 2018 in November 2018 – available in AFA website, AFA introduced the AFA Research Grant 2019 in May. Through a public Call for Proposals, AFA invited proposals focusing on current SMEs and SMPs issues, recognising the important role of particularly SMEs as the backbone of the region’s economy. The grant focuses on topics around the role of the accountancy profession in supporting ASEAN SMEs and SMPs, building from key findings and recommendations of the AFA Research Report 2018, and trends and changes affecting SMEs and SMPs in the region.

In August, following a comprehensive assessment by an independent panel, consisted of international experts, researchers, academics and practitioners, AFA announced the recipient of the AFA Research Grant 2019. With the title of Accounting Professional Technological Competency Skills (APTCS) SMPs for SMEs Technology Adoption, the proposal was from researchers of the Faculty of Accountancy, Universiti Teknologi Mara (UiTM) and Azman Hashim International Business School, Universiti Teknologi Malaysia.

The research is expected to be finalised in the second half of 2020, with publication of the report to follow.

The AFA Research Grant 2019 is fully supported by the Association of Chartered Certified Accountants (ACCA), the Chartered Accountants Australia & New Zealand (CA ANZ) and the Japanese Institute of Certified Public Accountants (JICPA).
AFA Connect 03 (June 2019) looks at the impact of technology to the accountancy profession. In his foreword, President Kon highlighted how technology and automation would free accountants and bookkeepers to assume higher-value tasks. To help accountants in Malaysia manage sweeping changes arising from the digital economy and Industrial Revolution 4.0, MIA shared a piece on its digital technology blueprint. The edition also shared articles from ISCA, ICAEW and CAANZ, looking at cybersecurity risks, cryptocurrencies and Artificial Intelligence (AI).

AFA Connect 04 (December 2019) serves as a parting edition for President Kon, presenting three articles from three AFA Presidents (past, departing and incoming). In passing the baton to President Wan Tin (2020-2021), he reiterated how AFA will continue to play the advisory and leading role on matters relating to the ASEAN accountancy profession, supported by AFA member organisations to bring about dynamic development, stability and prosperity. President Wan Tin and past President Sonexay Silaphet also shared their insights on the journey of MI.
AFA continues to leverage technology lives, events and activities to partners, stakeholders and the general public. As part of the Federation’s continuous efforts to promote the “AFA” brand, in 2019 the Federation rebranded the AFA website to www.afa-accountants.org and email to afa@afa-accountants.org. AFA also continues to engage with followers of the Federation’s social media accounts (Twitter, LinkedIn, and Facebook).

In the second half of 2019 alone, almost 7,000 visitors visited the AFA website, leading to more than 15,000 views. More than 1,500 followers are following AFA via the three social media accounts, actively engaging with the Federation on many updates periodically shared as the events and activities are conducted or thought leadership materials published.

NEWS FROM AROUND THE REGION
Activities During 2019

CPD Events

BICPA has conducted a one-day CPD activity on Ethics for Professional Accountants in collaboration with Ikatan Akuntan Indonesia (IAI) and the ASEAN Federation of Accountants (AFA) on 6th March 2019. It was the first collaboration between BICPA and IAI, a realisation of AFA’s aspiration to facilitate cooperation between the ASEAN PAOs, as a platform for knowledge and resource sharing and mutual capacity building.

The session looked at the Code of Ethics issued by the IESBA, particularly the new and revamped Code that became effective in June 2019. Included in the discussions were NOCLAR and revised independence provisions relating to long association. The session also looked at how ethics are being implemented in today’s technology driven business environment, acknowledging its importance as a disruptive force affecting how the accountancy profession is providing its services to the stakeholders.

BICPA lend a helping hand to ACCA to help organise the ACCA night in November 2019. The event included a panel discussion on the journey of learning.

BICPA also conducted a two (2) days in house workshop on Basic Accounting. This workshop included scenario play to allow the participants a better understanding and feel about accounting.

Collaboration with Other Agencies

In September, BICPA and the Revenue Division, Ministry of Finance and Economy (MOFE), co-hosted the first Awareness session on ASEAN Mutual Recognition Arrangement (MRA) on Accountancy Services and ASEAN Chartered Professional Accountant (ASEAN CPA) in Brunei.
The BICPA Academy participated in the Higher Education Expo 2019, organised by the Ministry of Education through Higher Education Section, Brunei Technical Education Institute, IBTE, and Scholarship section. During the event BICPA showcased the ACCA and CAT programs.

The Academy continues with the awareness program throughout 2019 by giving talks to the public and private schools in Brunei. BICPA was invited by the Polytechnic Brunei to share with the accounting students about life in the accountancy profession. Representatives from BICPA shared their personal journey to become a professional accountant.

BICPA has signed a renewal of its MOU with ACCA for further collaboration on the promotion and enhancement of the development of the accounting profession in Brunei Darussalam.

Four (4) representatives of BICPA attended the AFA Council Meeting and Conference in Nusa Dua Bali, Indonesia. Two representatives attended the AFA Strategic Meeting at Bagan, Myanmar in September 2018.

BICPA continues to collaborate with IFAC on the accounting related matters.

Accounting Technician Qualification (ATQ) Program
To take part in the development of the accounting profession in Cambodia, as well as the region, in order to meet the need of today’s market and society, KICPAA has introduced a new Accounting Technician Qualification (ATQ) Program to the public by organizing a half-day conference on 7th November 2019. This program is developed by KICPAA, with technical support from ICAEW, and proudly funded by UNDP Cambodia.

International Cooperation
KICPAA and ACCA conducted the joint annual activities to implement the MoU of the Joint Examination Scheme. The purpose was to help the failed students to pass F5 and P5 of ACCA as following;
• F5 and P5 Intensive revision class for KICPAA-ACCA Joint Examination Scheme (JES) from 31 August –1 September 2019;
• Workshop on Train the Trainer on Management Accounting from 2–4 September 2019; and
• Mock Exam (F5 and P5 Refreshment class) on 15 September 20.
To continue and enhance the collaboration with CPA Australia, KICPAA, NAC and CPA Australia renewed and signed the MoU on 3rd October 2019.

Responding to the MoU between MIA and KICPAA, KICPAA organized one-day workshop on “Train the Trainer for Cambodia CPA” on 23 August 2019. This workshop was supported by MIA and participated by representatives from 14 universities/tuition providers.

**Quality Assurance (QA)**

The Audit Quality Monitoring Committee (AQMC) conducted the pilot review on 10 audit firms this year. KICPAA and National Accounting Council co-organised the workshop “Outreach the Result on Audit Quality Review 2019” sharing about lessons learnt and future plan for QA program to audit firms and public. For the pilot program (2017-2019), there were 27 firms selected and reviewed by AQMC. Thus, the actual view will start from 2020 onward.

Strengthening Competency, Driving Governance, Building The Nation

During the period under review, MIA continued to advance its regulatory and development efforts as guided by its four strategic objectives – to build competency (SO1), embed ethics (SO2), improve compliance and regulation (SO3), and enhance the value and recognition of the profession (SO4). Our strategic objectives are enabled by our culture of strategic collaboration.

SO1 – Building Competency

MIA carefully designs its development initiatives to future-proof the profession and ensure accountants’ relevance in the emerging IR4.0 economy, in alignment with our purpose of nation building and protection of public interest.

- **Upskilling of Finance Leadership**

- **Future-Proofing The Profession**
  We are currently developing the comprehensive MIA Competency Framework for the profession. Aligned with the International Education Standards as issued by the International Accountancy Education Standards Board, the Framework will define the baseline competencies required for different levels of accountancy professionals considering the emerging skills and roles for accountants, especially in the key areas of accounting, assurance and sustainability of value creation, amongst others.

- **Implementing of Digital Transformation**
  Having created awareness on the significance of digital adoption, the next step is to ensure the implementation of digital transformation and continuing relevance of accountants in IR4.0 through targeted CPE such as the MIA AccTech Conference 2019 and operationalisation of the MIA Digital Technology Blueprint.

- **Advocating Sustainability and Integrated Reporting <IR>**
  Accountants and the global profession can advocate for sustainability by harnessing integrated thinking on value creation and <IR> to improve accountability, transparency and disclosure of an organisation’s value creation and impacts.

  As the national advocate and role model for <IR>, MIA issued its <IR> 2019 themed “Upholding Trust, Fostering the Profession’s Sustainability” (https://www.mia.org.my/v2/downloads/resources/publications/integrated_annual_report/2019/MIA_Integrated_Annual_Report_2019.pdf), which received accolades from the International Integrated Reporting Council (IIRC) and the International Federation of Accountants (IFAC).

  MIA continues to drive <IR> education to build competency and capacity, and Malaysia now ranks in the global Top 5 markets for <IR>. As an IIRC accredited training provider, MIA held workshops in 2019 on Integrated Reporting <IR> – A Better Vision for Corporate Reporting to help new reporters embrace <IR> and to support early adopters in addressing reporting gaps.
**SO2 – Embedding Ethics**

To instil a robust ethical culture, MIA embeds ethics through upskilling via CPE and advocacy for culture change in concord with the revised MIA By-Laws, which are aligned with global codes and standards. Our new Thought Leadership Lecture series also seeks to build ethical culture among accountants, especially those charged with governance (TCWG).

**SO3 – Improving Compliance and Regulation**

MIA operationalises balanced enforcement and strategic collaboration to pursue effective regulation and protect public interest. MIA officers pro-actively investigate and lodge complaints against non-compliant accountants, and collaborate with fellow regulators to surveil, monitor and sanction delinquent members and bogus accountants. As our governance structure is a top risk for MIA, we are engaging actively with the Government to repeal the Accountants Act 1967. A new Act will restructure the regulatory framework of the profession and grant enhanced powers to the Institute to heighten good governance and regulation in the public interest.

**SO4 – Enhancing Value And Recognition of The Profession**

MIA will continue to enhance the value add and visibility of the profession in Malaysia, in order to ensure accountants’ continuing relevance.

**Strengthening International And Regional Engagement**

MIA co-hosted the IFAC Conference on Developing Accountancy Capacity in Emerging Economies in December 2019, where MIA senior representatives shared their insights into accountants’ roles in sustainability, future-proofing the profession and PAO governance and capacity-building.

In June 2019, MIA organised an engagement session highlighting Opportunities for Accountants in ASEAN to encourage registration of more ASEAN CPAs. The number of registered ASEAN CPAs as at 30 November 2019 stood at 4,042 and Malaysia registered 873 ASEAN CPAs to-date.

In October 2019, the MIA International Accountants Conference 2019 drew a record-breaking 3,300 delegates from 21 countries who participated in 20 sessions featuring 82 expert speakers. The Conference theme of Trust and Sustainability in a Digital Economy emphasised on accountants’ emerging roles in facilitating digital transformation, trust and governance, and the UN SDGs.

**Beneficial Knowledge Sharing**

To share the profession’s insights into the complex business landscape, MIA and ACCA Malaysia jointly released the inaugural Business and Economic Outlook (BEO) Report 2019, followed by the CFO Roundtable on BEO Report 2019 and the Practitioners’ Roundtable on BEO Report 2019.

To entrench Malaysia’s leadership in Islamic finance, MIA launched the second MIA Islamic Finance Mini Pupillage Programme in 2019. MIA is also preparing to launch its inaugural textbook on accounting for Islamic Finance transactions, to fill the market void in guidance on application of Malaysian Financial Reporting Standards (MFRS) for Islamic finance institutions.

Theme of the Year

The theme for PICPA Year 2019-2020 under leadership of President Evelyn Corpuz is Reinforcing the Future Together. Today. This theme ensures that PICPANs must future-proof the profession, as the Fourth Industrial Revolution continues to integrate technologies, big data and analytics. This will largely transform the way one thinks and works, since it has the potential to drive innovation across industries, and reinvent existing financial models. This digital shift aims to improve the way PICPANs learn and communicate, through advanced interconnectivity. However, it also exposes PICPANs to emerging risks brought upon by exponentially evolving smart technologies. Hence, by reinforcing networks and infrastructure today, PICPANs can secure a stronger tomorrow.

As multi skilled professionals, PICPANs must prepare for the future by learning the new competencies required in navigating disruption. As PICPANs, it is their obligation to empower people by giving them access to information and capabilities that will enhance their lives and uplift their communities.

PICPA Accountancy Week Celebration

The annual tradition of celebrating the Accountancy Week Celebration (AWC) is a big event for all accountants. For this year, the celebration was held from July 14-19, 2019. The four sectors of the accountancy profession had their own sectoral activities. There was also a Regulator’s forum with the Bureau of Internal Revenue, Board of Accountancy, Central Bank of the Philippines and the Insurance Commission. A technical session was also dedicated for accountants serving cooperatives.
PICPA-IBP Partnership

In October 16, 2019, PICPA entered into a partnership with the Integrated Bar of the Philippines (IBP). The IBP is the national organization of lawyers in the Philippines. The partnership will enable the legal and accountancy profession discharge its public responsibilities more effectively. The collaboration will enable the two professions to provide enhanced services to its members and to the country.

PICPA NGO Congress

PICPA in cooperation with the Philippine Council for Non-Government Organization Certification Council and SM Foundation, Inc. held the Congress last October 24, 2019. The topics of the Congress were: Updated Securities and Exchange Commission Reportorial Requirements, Department of Social Welfare and Development Accreditation Requirements, NGO Good Governance and Management, Registration and Bookkeeping Requirements for NGOs and Latest: Revenue Regulation Memorandum Order 38-2019 Tax Exemption of non-stock, non-profit corporation under Section 30 of the National Internal Revenue Code of the Philippines. The Congress was attended by 260 participants from over 120 non-government organizations.

74th PICPA ANC

PICPA held its 74th Annual National Convention on November 20–23, 2019 at Laoag City, the Sunshine City of the Philippines. It was participated by more than 4,000 PICPA members.

SEC Plaque of Recognition

The Securities and Exchange Commission (SEC) presented a Plaque of Recognition to PICPA in recognition of its unwavering support and contribution to the realization of the SEC’s plans and programs under its Super Vision 2025. The awarding ceremonies took place at the Philippine International Convention Center on November 29, 2019 on the occasion of the 1st SEC Recognition Day.
In 2019, ISCA rolled out programmes to advance our members’ career mobility and professional recognition, equip them with the skills to venture into emerging business areas, and prepare them for Industry 4.0.

**Singapore Accountancy and Audit Convention Series (SAAC) 2019**

Besides featuring events tailored to the unique needs of our different member segments, the SAAC Series 2019 also covered business insights and latest changes relevant to the profession including evolving roles of finance professionals.

The Financial Forensic and Cybersecurity Conference provided useful advice on how to strengthen corporate governance and compliance to improve cybersecurity.

The ISCA Practitioners Conference was designed to inspire the audit profession to continuously build capabilities and enhance service delivery so as to provide higher-quality audits and insights to businesses.

**Advancing Technical Excellence**

Technical competencies are fundamental for members in their profession. ISCA enhances members’ know-how, such as priming them for impending changes, their implications and guiding them through the challenges of implementation.
A distinguishing mark of the accountancy profession is its acceptance of the responsibility to act in the public interest. Themed “Serving The Public Interest – Narrowing The Expectation Gap”, the ISCA Ethics Seminar discussed the need for professional accountants to conduct themselves with utmost care when rendering professional services. This goes beyond service excellence because acting in the public interest requires ethical behaviour and, sometimes, hard decisions contrary to business interest.

ISCA’s on-going programmes like the quarterly ISCA Mingles sessions, jointly organised with ICAEW and CAANZ and ISCA Breakfast Talk series are platforms for networking while discovering new knowledge.

Equipping Members for Industry 4.0

Through our research and publications, which cover a plethora of topics, ISCA provides members with intelligence that adds value to their work.

ISCA and ICAEW collaborated to publish the report, “Digital Transformation in Finance Functions: ASEAN And UK Perspectives”, which revolved around new technologies and digitalisation, including the challenges and opportunities for finance functions as companies embark on their digital transformation journey.

ISCA also joined hands with Infocomm Media Development Authority and Singapore Accountant Commission to develop a series of articles to explore how Services 4.0 has enabled workforce augmentation and boosted the digitalisation efforts of SMPs.
Advocate for The Profession and Business Community

ISCA organised the Pre-Budget Roundtable for the 10th consecutive year. Themed “Progressing With A Vibrant And Innovative Economy”, the suggestions from this Roundtable were sent to the Singapore government for its consideration in its preparation of Budget 2019.

Specialisation Pathways

Asia’s First Infrastructure & Project Finance Pathway (IPFP)
To equip our members with the skills to participate in the booming infrastructure sector, ISCA launched the ISCA Infrastructure & Project Finance Qualification, in collaboration with EY Singapore. Upon satisfying all the criteria, candidates will be conferred the ISCA IPFP Credential.

ISCA Professional Business Accountant (PBA) Programme
Tailored for members to enhance their competencies and skill sets for Industry 4.0, ISCA launched the ISCA PBA Programme in October. Aligned to the ISCA PAIB Framework, the Programme provides a comprehensive coverage of the five key DNAs in the Framework. Upon completion of the Programme, participants will be awarded the Professional Certificate in Business Accounting and can get onboard an enhanced Associate membership pathway.

Supporting SMP Development

Launched in August, Accountancy Industry Digital Plans (IDP) is a guide to digitally transform the accountancy sector and help SMPs adopt technology for greater productivity and competitiveness. A structured roadmap provides step-by-step guidance to SMPs in their digital journey. A virtual SMP website was launched alongside IDP as a one-stop portal with information to assist SMPs on their digitalisation journey.

Overseas Business Study Trips

ISCA continues to support our members’ overseas ambitions through our business study mission trips. There were two trips this year – to Myanmar in May, and to China in September.

Elevating The ISCA Brand

ISCA has been proactive in engaging the accountancy undergraduates from Singapore’s universities, through the newly launched student membership called ISCA Youth Associate Student Membership. This membership class comes with a variety of benefits for young members, such as company tours and access to industry events, as well as to learn more about the various career pathways.

Digital Badges & CAW Network Member Logo
ISCA introduced ISCA Digital Badges and Chartered Accountants Worldwide Network Member Logo to raise the visibility of ISCA members’ credentials online. Digital Badges are secure, web-enabled credentials containing verified information about our members’ professional accomplishments.

Sharing of Knowledge

This year, ISCA continued with our capability development programmes with Lao PDR and Myanmar. By helping to bridge the developmental gap and improving professional accountancy standards in ASEAN, we also support the larger objective of facilitating trade and investments in the region, and contribute to the shared prosperity of the ASEAN Economic Community.

In January 2019, ISCA played host to Athsaphangthong Siphandone, Deputy Minister of Finance, and a team of 20 senior government officials from Lao PDR. The delegation was in Singapore to attend the second edition of a five-day leadership programme organised by ISCA, with the support from Temasek Foundation International.

In May 2019, ISCA also delivered a two-day seminar on ISCA’s “Audit Manual for Group Entities” in Yangon, Myanmar.
Change of TFAC’s Abbreviation

TFAC has been the Primary Member of the ASEAN Federation of Accountants (AFA) since 1977 and a year later TFAC applied for a member of IFAC in 1978. Significant Matters Affecting the Profession

Future of audit and trust in the profession

The public scrutiny of audit in the UK which intensified last has continued, with extensive political and media interest and four major reviews, to which ICAEW has actively contributed. Sir Donald Brydon has released the report of his independent review into the quality and effectiveness of audit and in it he sets out more than 60 recommendations, some of which are below:

• a redefinition of audit and its purpose, providing greater clarity about who audit is for and reinforcing its role as a public interest function;
• the creation of a stand-alone and transparent audit profession, rather than as an adjunct to the accounting profession, to be governed by overarching principles;
• an obligation on auditors to inform and the need to be suspicious as well as sceptical;
• clarification that auditors should endeavour to find corporate fraud and a requirement that they undertake education in forensic accounting and fraud detection;
• a responsibility for directors to explain the actions they have taken to prevent material fraud and to report on internal controls.

The Institute was honoured to have as its Guest of Honour, the Minister of Finance, YB Tuan Lim Guan Eng to celebrate the occasion. It was also a significant night as the Institute celebrated the 10th Anniversary of the joint professional Programme offered by MICPA together with its partner – CA ANZ.

MICPA Excellence Awards 2018/2019
MICPA and CA ANZ celebrated their candidates and graduates at the recent Excellence Awards 2018/2019 event held on October 17, 2019 in Kuala Lumpur. The MICPA-CAANZ Programme celebrated 127 graduates who had completed the exams in Term 2, 2018, Term 3, 2018 and Term 1, 2019 respectively.

**NACRA 2019**

Jointly organized by MICPA, MIA and Bursa Malaysia Berhad, the National Annual Corporate Report Awards (NACRA) aims to promote greater corporate accountability and more effective communication of financials and other information by companies to their stakeholders. NACRA 2019 kicked off its competition with an official launch held on April 4, 2019 in Kuala Lumpur. The prestigious NACRA awards were bestowed on organisations that demonstrated excellence in their financial and corporate reporting. All awards were presented by Guest of Honour – YB Tuan Lim Guan Eng, Minister of Finance.
JICPA Activities Throughout 2019

1. New leadership for 2019-2022 assumed office

On July 22, 2019, the 53rd JICPA Annual General Assembly was held, Masahiko Tezuka was newly appointed as chairman and president, and a new executive team was installed. Under the leadership of Chairman and President Tezuka, the JICPA announced the five sets of priority measures below as the basis for developing its activities. These priority measures address the following five issues: (1) to strengthen the foundation of public’s confidence in CPAs, (2) to create values and heighten profession’s contribution to the society, (3) to incorporate diversity and inclusion, (4) to continue constructive dialogue with stakeholders, and (5) to increase productivity and transparency of management of the JICPA. In particular, the team will work on further development of global human resources and enhancement of the information dissemination ability.

2. Enhancing support for small- and medium-sized practices

To support small-and medium-sized practices, we have assembled a list of tools for those involved in the management and support operations of such practices and created a portal site, the Small-and Medium-Sized Practice Tool Guide, to make them easily accessible (available in Japanese). We continue to look for ways to further enhance the content of this site. In addition, seizing on the occasion of the IFAC’s February 2019 Small and Medium Practices Committee meeting in Tokyo, we invited participants to a Small and Medium Practices Forum to discuss 1) SMPC Activity & Resources, 2) Auditor’s Reporting & KAM + Audits of Less Complex Entities, 3) Mandatory audit firm rotation & ethics Code and 4) Case ware and Cybersecurity.

3. Initiatives for Building a Sustainable Society

JICPA established a special committee named the Committee for the JICPA’s Challenges and Initiatives for Building a Sustainable Society. Based on an understanding of the goals and targets of the SDGs as well as the issues facing Japanese society, this committee examines the roles of the JICPA and CPAs in society as well as the challenges they face in helping solve social issues and the ways they can take action to do so.
On June 21, 2019, a symposium sponsored by the JICPA was held on the theme of considering in Kyoto—an advanced city in terms of efforts toward the United Nations Sustainable Development Goals—the building of a sustainable society and the role of professionals. Discussions were held on the sorts of contributions professional bodies can make in building sustainable societies.

4. Development Support for Myanmar CPAs

JICPA has continued its support for the development of capital markets in Myanmar since 2014. To expand the partnership, JICPA, the Myanmar Institute of CPAs (MICPA) and Daiwa Myanmar-Japan Foundation (DMJF) signed the Memorandum of Understanding (MoU) on mutual cooperation for the advancement of knowledge, professional and intellectual competence of professional accountants in Myanmar and for the enhancement of self-regulatory functions of the MICPA on June 8, 2016.

Under this MoU, 5th batch of capital market training program of JICPA-MICPA-DMJF was held from October 2018 to February 2019. Delegates from MICPA as well as SECM and other ministries in Myanmar visited Tokyo for two weeks in February as part of the training program.
5th Accounting Technicians' Roundtable

AAT hosted the 5th Accounting Technicians' Roundtable alongside the IFAC Council meeting in Vancouver in November 2019. Delegates from around the world discussed the impact of the IFAC publication “Competency Framework for Accounting Technicians” and CAPA’s publication “Accounting Technicians: Exploring Opportunities for the Profession”. The Roundtable also discussed the impact of technology on the role of Accounting Technicians. AAT research shows that roles will evolve and Technicians can have a wider impact in response to using the new technologies.

AAT Wins Funding in Malaysia

AAT’s representative in Kuala Lumpur, Mei Yoke Pak has successfully won local Peneraju funding for 100 local students to study Level 3 Accounting as a route to employment.

AAT Signs MOU Agreement with MICPA

In 2019, AAT has signed an agreement with the Myanmar Institute of Certified Public Accountants to work together to support the development of entry/intermediate level accountants or accountant technicians in Myanmar.
I API Held A Second Year CPA Days In 2019

In an effort to gain a good quality of public accountants in all regions of Indonesia, IAPI needs to socialize its superior programs to stakeholders, especially to students. Students as young budding successors of the accounting profession are expected to have abilities, both related to academic competencies (hardskills) and soft skills. In addition to providing access and opportunity to Audit Firms and the company to find talents who are competent and have good competitiveness, IAPI has an annual program called “CPA Days”, which is a competition in the field of accounting and auditing for accounting students, besides seminars, and Career Fair. This event opens to public. CPA Days program is an IAPI strategy to build the awareness and interests of generations especially for students in the Accounting study program to take CPA certification. It is IAPI’s commitment to always increase the number and maintain the quality of Public Accountants and Indonesian CPA. IAPI has set CPA Days as an annual program to be held in various cities in Indonesia in turn.

CPA Days 2019 was the second year held by IAPI in collaboration with the Faculty of Economics and Business, University of Gadjah Mada (UGM) on 13-14 November 2019 in Yogyakarta. 79 Teams from various universities participated. Each team consists of 2 (two) S1/D4 students in accounting accompanied by 1 (one) Lecturer as a supervisor.

CPA Days 2019 was officially opened together by the Expert Staff of the Governor for Economics and Development of the Special Region of Yogyakarta, Moedji Rahardjo, S.H, M.Hum; Head of the Ministry of Finance’s PPPK RI, Firmansyah N. Nazaroedin, Ak., M.Sc.; Dean of the Faculty of Economics and Business - UGM, Eko Suwardi, M.Sc., Ph.D; and President of IAPI, Tarkosunaryo, MBA, CPA. The event continued with the seminar on “A Success in Becoming A Public Accountant Amidst the Wave of the Industrial Revolution 4.0: Regulatory & Business Reviews and Professional Accountant Review as A Trusted Professional in Welcoming the ABCDE Era”, presenting Firmansyah N. Nazaroedin; Tarkosunaryo, MBA, CPA; Asih Ariyanto, Ak, CA (Head of PKP Actuaries and Other Financial Professionals, PPPK Ministry of Finance); Syaiful Ali, MIS., Ph.D., Ak., CA. - UGM Finance Director, and chaired by IAPI Chairperson, Suhartono, Ak, MPA, CA, CPA.

The winners of the CPA Days 2019 competitions were: 1. The TSM 1 Team (Trisakti School of Management). 2 - PKN STAN 1 Team and 3. Combine Team (University of Gadjah Mada). Besides the prize money, the champions and the semifinalists also got an internship opportunities for 3 months in Big Four Audit Firms.
PSAK Camp 18-20 December 2019

Towards the end of 2019, IAPI held a CPD not only in a room as usual but accompanied by team building and outbound activities at Camp Hulu Cai, Ciawi, Bogor, West Java. In addition to discussing serious topics namely PSAK 71, 72, and 73, the participants were also required to be involved in various outdoors activities.

STATEMENT BY COUNCIL

In the opinion of the Council:

(i) the financial statements as set out on pages 6 to 16 are properly drawn up so as to present fairly, in all material respects, the financial position of ASEAN Federation of Accountants (the "Federation") at 31 December 2019 and of the financial performance, changes in accumulated fund and cash flows of the Federation for the financial year then ended in accordance with International Financial Reporting Standards; and

(ii) at the date of this statement, there are reasonable grounds to believe that the Federation will be able to pay its debts as and when they fall due.

On behalf of the Council

INDEPENDENT AUDITOR’S REPORT TO THE PRIMARY MEMBERS OF
ASEAN FEDERATION OF ACCOUNTANTS

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of ASEAN Federation of Accountants (the “Federation”) as set out on pages 6 to 16, which comprise the balance sheet as at 31 December 2019, and the statement of profit or loss and other comprehensive income, statement of changes in accumulated fund and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the International Financial Reporting Standards so as to present fairly, in all material respects, the financial position of the Federation as at 31 December 2019 and of the financial performance, changes in accumulated fund and cash flows of the Federation for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (“SSAs”). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Federation in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Council is responsible for the other information. The other information obtained at the date of this auditor’s report comprises the information included in the Annual Report for the year 2019 but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed on the other information obtained prior to the date of this auditor’s report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Baker Tilly TFW LLP (trading as Baker Tilly) is a member of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities.

Baker Tilly TFW LLP (Registration No.T10LL1485G) is an accounting limited liability partnership registered in Singapore under the Limited Liability Partnerships Act (Chapter 159A).
INDEPENDENT AUDITOR’S REPORT TO THE PRIMARY MEMBERS OF
ASEAN FEDERATION OF ACCOUNTANTS (cont’d)

Report on the Audit of the Financial Statements (cont’d)

Responsibilities of the Council for the Financial Statements

The Council is responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standards, and for such internal control as the Council determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Council is responsible for assessing the Federation’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Federation or to cease operations, or has no realistic alternative but to do so.

The Council’s responsibilities include overseeing the Federation’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Federation’s internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Council.
INDEPENDENT AUDITOR’S REPORT TO THE PRIMARY MEMBERS OF ASEAN FEDERATION OF ACCOUNTANTS (cont’d)

Report on the Audit of the Financial Statements (cont’d)

Auditor’s Responsibilities for the Audit of the Financial Statements (cont’d)

• Conclude on the appropriateness of the Council’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Federation’s ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Federation to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Council regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS
For the financial year ended 31 December 2019

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1 Corporate information

The office of the Federation is at Jalan Sindanglaya No. 1, Menteng, Jakarta 10310, Indonesia.

The principal activity of the Federation is the advancement of the accounting profession in the ASEAN region. The Federation is an accredited Civil Society Organisation of ASEAN, recognised under the ASEAN Charter.

2 Significant accounting policies

(a) Basis of preparation

The financial statements, expressed in Singapore dollar ("S") which is the Federation's functional currency, have been prepared in accordance with International Financial Reporting Standards ("IFRSs") as issued by the International Accounting Standards Board ("IASC"). The financial statements have been prepared under the historical cost convention except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with IFRSs requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenditure during the financial year. Although these estimates and assumptions are based on Council's best knowledge of current events and actions and historical experiences and various other factors that are believed to be reasonable under the circumstances, actual results may ultimately differ from those estimates.

Use of estimates and judgements

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

There were no significant judgements made in applying accounting policies and no estimation uncertainty that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

The carrying amounts of cash and cash equivalents, other current receivables and payables approximate their respective fair values due to the relatively short-term maturity of these financial instruments.

New and revised standards

In the current financial year, the Federation has adopted all the new and revised IFRSs issued by the IASC and Interpretations of the International Financial Reporting Interpretations Committee ("IFRIC") that are relevant to its operations and effective for the current financial year.
2 Significant accounting policies (cont’d)
   
(a) Basis of preparation (cont’d)

   New and revised standards (cont’d)

   The adoption of these new/revised IFRS and IFRIC did not have any material effect on the financial results or position of the Federation.

   New standards, amendments to standards and interpretations that have been issued at the balance sheet date but are not yet effective for the financial year ended 31 December 2019 have not been applied in preparing these financial statements. None of these are expected to have a significant effect on the financial statements of the Federation.

(b) Financial assets

   Recognition and derecognition

   Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets on initial recognition. Transaction costs directly attributable to acquisition of financial assets at fair value through profit or loss are recognised immediately in profit or loss. Trade receivables without a significant financing component are initially measured at transaction prices.

   Classification and measurement

   All financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

   The Federation classifies its financial assets in the amortised cost measurement category.

   The classification is based on the entity’s business model for managing the financial asset and the contractual cash flow characteristics of the financial assets.

   The Federation reclassifies financial assets when and only when its business model for managing those assets changes.

   Subsequent measurement

   Debt instruments include cash and cash equivalents and receivables. The subsequent measurement category is depending on the Federation’s business model for managing the asset and cash flow characteristics of the asset:

   Amortised cost

   The Federation measures financial assets at amortised cost if both of the following conditions are met:
   - The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
   - The contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

   Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

   Interest income from these financial assets is included in interest income using the EIR method.
2 Significant accounting policies (cont’d)

(b) Financial assets (cont’d)

Impairment

The Federation recognises an allowance for expected credit losses ("ECLs") for financial assets carried at amortised cost. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Federation expects to receive, discounted at an approximation of the original effective interest rate.

The impairment methodology applied depends on whether there has been a significant increase in credit risk. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL).

For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For receivables that do not have a significant financing component, the Federation applies a simplified approach to recognise a loss allowance based on lifetime ECLs at balance sheet date. The Federation has established a provision matrix that is based on its historical credit loss experience, adjusted as appropriate for current conditions and forward-looking factors specific to the debtors and the economic environment.

If the Federation has measured the loss allowance for a financial asset at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Federation measures the loss allowance at an amount equal to 12-month ECL at the current reporting date.

The Federation recognises an impairment gain or loss in profit or expenditure for all financial assets with a corresponding adjustment to their carrying amount through a loss allowance account.

(c) Financial liabilities

Financial liabilities, which comprise other payables and accruals are recognised on the balance sheet when, and only when, the Federation becomes a party to the contractual provisions of the financial instrument. Financial liabilities are initially recognised at fair value of consideration received less directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method.

The financial liabilities are derecognised when the obligation under the liability is discharged or cancelled or expired. Gains and losses are recognised in income or expenditure when the liabilities are derecognised as well as through the amortisation process.

(d) Cash and cash equivalents in the statements of cash flows

For the purpose of presentation on the statements of cash flows, cash and cash equivalents comprise cash on hand and fixed deposits, that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

(e) Functional and foreign currencies

Functional currency

Items included in the financial statements are measured using the currency that best reflects the economic environment substance of the underlying events and circumstances (‘the functional currency’).

Foreign currencies

Transactions in foreign currencies are translated into the functional currency using the exchange rate in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated into the functional currency at the rates ruling at that date. All exchange differences are taken to income or expenditure.

(f) Income taxes

The Federation’s income from its principal activities is exempt from income tax under Section 11(2) of the Income Tax Act because the Federation is deemed not to be a carrying on a business in Singapore.

(g) Income recognition

Revenue is recognised when the Federation satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

The Federation recognises membership fees as a performance obligation satisfied over time. Membership fees are recognised as income in the year to which the membership fees relates. Unearned income relating to future year is included in contract liabilities. Interest income is recognised as the interest accrues based on effective interest method.

Contribution from members relate to fees and proceeds received from seminars and events. Revenue is recognised upon completion of the event and when the Federation has no remaining obligations to perform.

(h) Grants

Grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the balance sheet and is amortised to income or expenditure over the expected useful life of the relevant asset by equal annual instalments.

When the grant relates to an expenditure item, it is recognised in income or expenditure over the period necessary to match them on a systematic basis to the costs that it is intended to compensate.

(i) Provisions

Provisions are recognised when the Federation has a legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate of the amount can be made. Where the Federation expects a provision to be reimbursed, the reimbursement is recognised as a separate asset but only when the reimbursement is virtually certain.

b) Financial risk management

The main risks arising from the Federation’s financial management are credit risk, interest rate risk and liquidity risk. The Federation reviews and agrees on policies for managing each of these risks and they are summarised below:

Credit risk

The Federation’s exposure to credit risk arises from the failure of a counterparty to settle its financial and contractual obligations to the Federation, as and when they fall due. The Federation manages this risk by monitoring credit ratings and limiting the aggregate financial exposure to any individual counterparty.

The Federation places its cash and fixed deposits with the established banks in Singapore.

At balance sheet date, there is no significant concentration of credit risk, except for cash and cash equivalents. The maximum exposure to credit risk is represented by the carrying amount of each class of financial instruments on the balance sheet.

The Federation has credit policies and procedures in place to minimise and mitigate its credit risk exposures.

Financial assets at amortised cost

Financial assets at amortised costs include other receivables and cash and cash equivalents.

Credit risk exposure in relation to financial assets at amortised costs as at 31 December 2019 is insignificant, and accordingly no credit loss is recognised as at 31 December 2019.

Interest rate risk

The Federation is exposed to interest rate risk through the impact of rate changes on its interest-bearing fixed deposits. The Federation’s policy is to review the terms of these deposits to take advantage of the best market rates in order to optimise the income received from these deposits. The sensitivity analysis for changes in interest rate is not disclosed as the effect in income and expenditure is considered not significant.

Liquidity risk

In the management of liquidity risk, the Federation monitors and maintains a level of cash and cash equivalents deemed adequate by the Council to finance the Federation’s operations and mitigate the effects of fluctuations in cash flows.
8 Fair values

The carrying amounts of the financial assets and financial liabilities recorded in the financial statements of the Federation approximate their fair values.

9 Fund management

The Federation's objectives when managing its funds are to safeguard and maintain adequate working capital. The Council considers the accumulated fund as the capital of the Federation and no changes were made to the Federation's fund management objectives during the financial years ended 31 December 2019 and 31 December 2018.

10 Authorisation of financial statements

The financial statements of the Federation for the financial year ended 31 December 2019 were authorised for issue in accordance with a resolution of the Council dated 27 May 2020.
